

STATEMENT

From Prof. Dr. Eng. Radoslav Iliev Ivanov,
"Konstantin Preslavsky" University of Shumen

Subject: announced position as "Associate Professor" in professional field 4.2. Chemical Sciences (Analytical Chemistry with Instrumental Methods), field of high education 4. Natural Sciences, Mathematics and Informatics, at "Konstantin Preslavski" University of Shumen with candidate Ismail Efraimov Ismailov, PhD, announced in the State Gazette no. 87 from 09.10.2020

By decision of the Chairman of the Scientific Jury (Minutes №1 of 14.12.2020) and in connection with an order of the Rector (RD -16-180 of 26.11.2020) I was appointed as a member of the Scientific Jury to present a statement on the competition for position as "Associate Professor" in the field of high education 4. Natural sciences, mathematics and informatics, professional field 4.2. Chemical Sciences (Analytical Chemistry with Instrumental Methods) with only candidate Ismail Efraimov Ismailov, Ph.D.

The position was announced for the needs of the Department of Chemistry at the Faculty of Natural Sciences "Konstantin Preslavsky" University of Shumen. One candidate participates with documents - Ismail Efraimov Ismailov, Ph.D. The review of the documents shows, that the procedure for opening and announcing the position has been strictly followed. The materials have been prepared in accordance with the requirements of the Legislation of the Republic of Bulgaria and the Regulations for its application.

Ismail Efraimov Ismailov, completed his master's degree in 2001 at the Faculty of Natural Sciences of "Konstantin Preslavsky" University of Shumen. Since 2011 he is working as an assistant, senior assistant and chief assistant in the Department of Chemistry at the University of Shumen. In 2015, after a

successful defense, he was awarded with PhD in professional field 4.2. Chemical sciences.

Research activity: Doc. Ismailov is the author of 46 scientific publications, of which 13 in journals with IF and one monograph published in 2020. He has 32 participations in scientific conferences, some of which are with international participation.

Doc. Ismailov's scientific publications have been cited 61 times according to Scopus data, which indicates that the author is recognizable in international scientific networks. Currently the H index of the candidate is 5.

He has participated in 2 national and 9 internal university projects. He is the winner of the award "The Best Paper", awarded by the organizers of the Scientific Conference of the University of Ruse in 2013.

The general review of the scientific works shows that they fully cover the requirements for acquiring the scientific title of "Associate professor" and are in the field of the announced position.

Teaching activity: in the period 2001 to date, Doc. Ismailov had performed exercises in organic chemistry, analytical chemistry with instrumental methods and general and inorganic chemistry, lectures on Analytical chemistry with instrumental methods.

The contributions from the research work of Ch. Assistant Professor Ismail Efraimov Ismailov, as presented in the appendix to his documents demonstrate his development as well-established lecturer, scientist and specialist.

Conclusion: Based on the materials provided to me for the preparation of a statement on the candidate for "Associate Professor" of Ch. Assistant Professor Dr. Ismail Ismailov, after careful analysis of all documents, I accept as completely worthy the candidacy of the participant for the position. I

recommend to the members of the Scientific Jury to vote positively for Ch. Assistant Professor Dr. Ismail Ismailov, as I myself will convincingly do.

I know personally Dr. Ismailov, who has always been professional in his research and teaching in the department. For me, he is a fully developed scientist in the field of professional field 4.2. Chemical Sciences and fully covers the indicators of the Bulgarian legislation. His promotion to the academic position of Associate professor will undoubtedly contribute to improving the quality of the academic staff of the Faculty of Natural Sciences of "Konstantin Preslavsky" University of Shumen.

I wish Dr. Ismailov a lot of scientific success and I have no doubt in his further academic development.
